Introducing TIMCO LineCare: a uniquely qualified organization ready to augment your maintenance support system wherever you need it. With TIMCO LineCare, you reduce operational costs while ensuring ongoing passenger loyalty through optimal aircraft condition and on-time performance.

Whether it's a quick turnaround or an overnight stay, TIMCO LineCare has the staff, experience and capabilities to make the most of the time available ... and can deliver a custom solution that will help your airline stay ahead of the

service curve and reduce costs over the long haul.

With TIMCO, you also have the advantage of drawing from all of the capabilities and expertise offered by an internationally respected MRO.

TIMCO LineCare customers are better prepared for AOGs, IFE maintenance and problem solving, seating refurbishment and other overnight critical issues. Equally important: as a TIMCO LineCare customer, you gain a partner that can work with you on ultra-efficient upgrades, interior monuments, new seating and complex airframe maintenance requirements.

TIMCO LineCare Fleet Rating
